About me

I am a Data Technician student specializing in Programming at TEC and currently on H4. I have a strong interest in software and web development and experience working with both frontend and backend technologies. Through school projects and practical experience, I have worked with C#, JavaScript, HTML, ASP.NET Core, Angular, SQL Server, and Git. I am a fast learner, structured and reliable, and comfortable working both independently and as part of a team.

Interests

IT and technology, software projects, fitness, cars, and spending time with family and friends.
